

A private 501(C)(3) non-profit land trust

Chase Garden Creek Salt Marsh

## THANK YOU FOR YOUR SUPPORT IN 2014

The past twelve months were full of new programs, new land donations and new faces at the Dennis Conservation Trust. Highlights include three land donations from generous families, the creation of Interactive Conservation Areas that incorporate technology with outdoor recreation at popular conservation areas around Dennis, several new educational workshops including the Backyard Birding lecture, and the welcoming of new Trustees. This energy will continue into the New Year as DCT faces 2015 with a reinforced goal of land protection in the Dennis community. We could not accomplish any of this without the support of our members. Wishing your family a happy and healthy New Year!

## DCT's Newest Gift of Land

2.92 acres parcel donated by Margaret, Cameron and Kathryn Sears on Sesuit Creek

In late summer, the Sears family of East Dennis approached DCT about the potential donation of a 2.92 acre parcel of salt marsh along Sesuit Creek. The parcel has been in the Sears family for many generations and is protected through a conservation restriction held by MA Audubon Society since 1970.

DCT Trustees were thrilled with the prospect of receiving such an important

piece of land. Salt marshes are vital resources on Cape Cod by providing a coastal buffer during storm events and filtering contaminants from ground water. This parcel also falls within state recognized Core Habitat and Critical Natural Landscapes.

In a statement from Bob Ford, MassAudubon Land Conservation Specialist, “We are delighted that the Sears family has donated this land to the Dennis Conservation Trust (DCT), a respected and dedicated conservation organization that we have partnered with on other projects. Mass Audubon holds a conservation restriction on this property further protecting the land. Thanks to DCT’s efforts and the Sears family’s foresight and dedication, this pristine salt marsh will remain pristine for people and wildlife to enjoy.”

## Happy 90th Birthday to DCT Trustee Jim Wick

*by Joe Masse*

In whatever enterprise Jim Wick undertakes, whether that be in affordable housing, as Treasurer of the Cape Symphony, or Treasurer of the Dennis Conservation Trust, Jim not only brings a keen intellect and unbridled enthusiasm, but also respect for the job and for those with whom he works.

Having worked with many "leaders" throughout my own career I know one when I interact with one, and Jim epitomizes what we all should expect in a leader. He is thoughtful, respectful, enthusiastic, and still driven to accomplish whatever task he signs up for.

Jim spends much of his volunteer time as Treasurer of the Dennis Conservation Trust. In that role Jim has brought new ideas that have either enhanced our financial position or helped us define and control the financial processes of the Trust.

Jim is one of our most active and enthusiastic Trustees. His concept of enhancing important conservation sites within the Town of Dennis in both a physical and interactive way further evidences Jim's passion for the land simply proves that at 90 years old he has "only just begun."

*Years from now, when you and your future generations walk the natural paths and places of Dennis, take pride in knowing that your continued efforts preserve them.*

## DCT is looking for 2015 Auction Volunteers

The Auction and Events Committee is looking for volunteers for the months of June and July.

Volunteers should be willing to solicit local businesses for donations for the Auction and help with day-of preparations.

All volunteers will receive a discounted ticket price for the Auction.

Please contact Connie Mooers at [dctauction2015@comcast.net](mailto:dctauction2015@comcast.net) for more information.

## 2014 DCT Committee Reports

### *Land Committee*

The Land Committee was very active in securing land donations, soliciting conservation restrictions to protect family lands, and managing properties for public enjoyment. We added five new acres to protective status. Currently, DCT owns and maintains over 380 acres of upland, wetlands, and woodland. DCT also holds conservation restrictions on over 164 acres of privately and publicly owned land. DCT continues to provide reliable information to families about conservation options and associated tax incentives. If you are interested in learning more about protecting your land, please call the DCT Administrator Katherine Garofoli, at 508-362-3422.

DCT would not be able to monitor its properties without the help of more than 20 Land Stewards. The devoted group of volunteers performs site visits to DCT properties and reports on their condition. DCT also relies heavily on Barnstable County AmeriCorps Cape Cod for invasive species removal and trail maintenance. The AmeriCorps members provided over 140 hours of service to DCT in 2014 alone. DCT is extremely grateful for the community support to care for the special places of Dennis.

### *Auction and Events Committee*

The DCT Auction and Events Committee is pleased to report that the 2014 DCT Summer Evening Live and Silent Auction set a record for highest income in DCT history with over \$78,000 raised. DCT could not have accomplished any of this without the support of corporate sponsors, local businesses, volunteers, and attendees. Save the date July 26, 2015 for our annual Summer Evening and Auction. This is a not-to-be-missed event that includes food, libations, raffle, auction, and most importantly friends. It is the Dennis social event of the year. Come join us.

## 2014 DCT Committee Reports

### *Membership Committee*

The 2014 DCT membership drive raised over \$45,000 in the last twelve months. This is more than any membership drive since DCT was founded. We hope the total will continue to increase until year-end as a result of a recent solicitation to all residents of Dennis Village, the first of a series of efforts. The increased total is attributable primarily to a number of members increasing their traditional level of support – such as from Patron (\$100-\$199) to Advocate (\$200-\$499) or Advocate to Partner (\$500-\$999). We are very grateful to people who have made such increased gifts. Additional income was raised from a “mini capital campaign” within the Board of Directors which generated over \$20,000 in gifts and pledges to support the operating budget and new programs being initiated with the leadership of our new administrator Katherine Garofoli.

### *Communications and Publicity Committee*

The Communication Committee continued its efforts to publicize the work of DCT as well as to promote events.

Attendance at our events has increased significantly, and we're grateful to the local media who help us let the community know what we're doing.

We welcomed more than 60 participants to this year's Exploring Oysters at Crowes Pasture walk and nearly 70 attendees to the 2014 Annual Meeting. An overhaul of our website, increased use of social media, and expanded efforts in education and community outreach are in our 2015 plans.

## 2014 DCT Committee Reports

### *Committee on Trustees*

The Committee on Trustees functions to appoint or reappoint Trustees and Advisers. In 2013, five founding Trustees were elected to new five year terms: Richard A. Johnston, Carole Bell, Connie Bechard, Beverley LeBlanc and Edmond Nickerson, plus Frank Dahlstrom. In 2014, elected to five year terms as Trustees were David Berry, Dorria DiManno, Joseph Masse, Paul McCormick, Paul Prue, and Jim Wick. Elected to a one year term as Advisor was Norman Taupeka.

President, Richard A. Johnston, Vice President Carole Bell, and Treasurer Jim Wick remain as officers.

### *Finance Committee*

The Finance Committee is a group of conservative individuals who are able to have fun while managing DCT's finances. In 2014, the Finance Committee initiated the Strategic Planning Process, helping the Trust craft its business plan for the next several years. The Finance Committee also worked closely with the Membership Committee to close the gap between receipts and expenses. An enthusiastic response from the Trustees will allow DCT to operate in the black for the next five years.

On November 8, 2014, DCT held its 26th Annual Meeting at the Dennis Memorial Library. This event was significant as DCT presented the first Norton H. Nickerson Jr. Conservation Award to Henry Kelley II. The purpose of the award is to honor a person who has influenced conservation in the Town of Dennis, much like the efforts of Dr. Nickerson, Jr. The DCT Trustees found it fitting to present the award to Henry Kelley II for his work to protect Crowes Pasture, Bass River Park, Old Fort Field, and Sea View Park, along with leading the Land Bank and Community Preservation Committee for many years.

Over 60 attendees enjoyed a barrier beach presentation by Coastal Specialist Greg Berman and many donated refreshments. DCT would like to thank the Dennis Memorial Library, Whole Foods Market, and Peterson's Market for their generous donations.

Susan Nickerson, Henry Kelley II, and Joan Nickerson at the DCT Annual Meeting

### Indian Lands Conservation Area

## SAVE THE DATE

Join DCT on a winter walk at the Indian Lands Conservation Area.

**WHEN:** January 3rd at 10AM

**WHERE:** 485 Main Street  
South Dennis, MA

**DISTANCE:** 1.5 miles

**DURATION:** 1 hour

Please come dressed in warm clothes and comfortable shoes.

RSVP to
