 Data Analysis: Fernando Mendonca, Ph. D. David Fryxell, Ph. D.
 Creation Date: January 2026

Scale: The color gradient scale represents the Percent (%) of the Number of Rare Species Reported in the last 25 years over the Number of Rare Species Expected across All Time.

Table: Analyses of the datasets, showing the Percent of Rare Species Expected in the Last 25 years (based on the estimated distribution of 348 species), County Rank, and State Rank.
